Auction Instructions

To place your bid, please login or create a user account on our auction page go to our auction page and complete the form, including your credit card information.

Once this is complete, you can bid on an auction item.

BUY NOW! Option

Turkey items with a "Buy Now" option can be purchased immediately for the "Buy Now" price. Once the auction closes, winners will receive an email confirmation and their credit card will be charged.

Regular (Proxy)

Our online auction system allows Proxy Bidding (also known as automatic bidding). The proxy bidding system makes bidding convenient so you don't have to keep coming back to re-bid every time someone places another bid. When you place your bid, enter the maximum amount you're willing to pay for the item. SJBA and other bidders will not be able to see your maximum bid. The system will place bids on your behalf using the automatic bid increment amount, based on the current high bid. The system will only bid as much as necessary to make sure that you remain the high bidder, or to meet the reserve price, up to your maximum amount.

After you have placed your bid, you will receive an email confirmation. If you are out bid, you will receive an email asking if you would like to increase your bid. The highest bidder wins the auction.

The bid increment for this auction is \$50.

Happy bidding!
